SUBJECT: Special Use Permit # 2016-0003
Administrative Review for a New Use
Site Use: Restaurant
Applicant: PTO Seafood, LLC
Location: 333 John Carlyle Street
Zone: CDD #1: Duke Street Coordinated Development District

Request

Special Use Permit #2016-0003 is a request to operate a full-service restaurant at 333 John Carlyle Street of approximately 3,000 square feet. The applicant proposes to operate a full-service seafood restaurant with several features including a full-service bar, dining room, outdoor patio seating, and an oyster bar. The bar would feature beer, wine, and mixed-drinks for on-premises sales only. Limited, non-amplified entertainment is proposed for indoor use only. The applicant proposes the following details for indoor and outdoor seating.

Indoor Seating:

Number of Seats: 99

Hours of Operation: 11 a.m. – 12 a.m. Midnight, daily.

Outdoor Seating:

Number of Seats: 50

Hours of Operation: 11 a.m. – 10 p.m., daily – when seasonally appropriate.

Background

The Carlyle Master Plan was first approved by SUP #2253 in 1990 and has gone through subsequent amendments as the site has been developed. Specifically, City Council approved SUP #2253 for the development of a mixed-use development with retail, office, residential, hotel, and amenity uses. In June 1996, City Council approved SUP #96-0089 to amend the development plan for the subject building, known as Carlyle Block C to reallocate previously approved retail uses to office and residential uses. The subject building, located at 333 John Carlyle Street, was built under site plan SIT #97-0032.

In September 2003, City Council approved SUP #2003-0070 for the operation of a deli-type restaurant. Staff administratively approved SUP #2005-0058 for a change of ownership in September 2005, followed by a second change of ownership approval through SUP #2007-0038 in June 2007. However, by the end of 2012 the restaurant use had closed and the site remained

vacant. In April 2012, City Council approved SUP #2012-0006, which became the governing document for uses in the Carlyle Area, Conditions in the SUP permits restaurants, as proposed herein, by Administrative SUP.

Parking

According to Section 8-200(A)(8) of the Zoning Ordinance, a restaurant use requires one parking space for every four seats. A restaurant with 149 seats would therefore be required to provide 38 off-street parking spaces. The parking requirements for the subject building were specified in the Transportation Management Plan (Special Use Permit #2254) and the restaurant parking requirements would be met in the on-site parking garage.

In addition to meeting the parking requirements through the on-site garage, the applicant has leased five parking spaces for managerial staff. To encourage patron parking at the on-site garage, the applicant has secured free access to the garage from 5 p.m. through restaurant closing during the week, and all-day during weekends. Prior to 5 p.m. weekdays, restaurant patrons will pay an hourly fee to park in the garage. At times when the garage is not staffed by building security, after 7 p.m. weekdays and all-day on weekends, the applicant will engage a private security service to assist patrons with access to the garage.

Community Outreach

Public notice was provided through eNews, via the City's website, and by posting a placard on the site. In addition, the Carlyle-Eisenhower Civic Association, the Carlyle Towers Condo Unit Owners Association, and the Royalton at the King Street Metro Condominiums were sent an e-mail with information about the current application. Staff received no public comments.

Staff Action

Staff supports the applicant's request for a restaurant use at 333 John Carlyle Street. The proposal is consistent with development goals to provide ground-floor retail activity in the Carlyle neighborhood. In addition, the full-service restaurant provides increased dining options for an area which has become characterized by fast-casual lunch and dinner options. As a unique, full-service restaurant option, the restaurant may also promote activity in the Carlyle area during evening and weekend hours.

The Carlyle Retail Amendment, SUP #2012-0006 allows administrative approval of full-service restaurants in the Carlyle area, and staff has carried forward requirements of restaurant approval under Condition #2 regulating restaurant activity. Standard conditions with regard to signage, staff training, noise and SUP review were included in Conditions #4, #6, #8, #20 and #22 respectively. Alcohol sales at the site are limited to on-premises sales, as stated in Condition #5. Deliveries to the site, along with loading and unloading activities are regulated by Condition #7 which state the hours when those activities are allowed and an approved loading dock for the use. Staff has included Conditions #11 - #17 to encourage off-street parking among patrons and employees through the establishment of an employee transportation program in Condition #11; the posting of garage information to patrons in Condition #12; information on alternative transportation options in Condition #13; off-street parking requirements under Condition #15; the installation of signage to promote the garage in Condition #16; and the ongoing leasing of five off-street parking spaces for employees as Condition #17.

Staff hereby approves the Special Use Permit request.
